Hakkında

Bilgisayar Mühendisliği mezunu bir yazılım geliştiricisiyim. Kurumsal portal geliştirme, MES projeleri, RPA süreç geliştirme ve yapay zekâ projelerinde aktif olarak görev aldım. Bu geliştirmelere ek olarak iş analizi yaparak ihtiyaçların belirlenmesi, gereksinimlerin netleştirilmesi ve teknik çözümlere dönüştürülmesi süreçlerinde sorumluluk üstlendim. Ağırlıklı olarak Python, C#, JavaScript ve SQL teknolojilerini kullanarak veri odaklı uygulamalar ve otomasyon sistemleri geliştirdim. UiPath ile iş süreçlerini otomatikleştiren çözümler geliştirdim. Ölçeklenebilir, sürdürülebilir ve iş ihtiyaçlarına doğrudan değer katan sistemler geliştirmeye odaklanıyorum. Analitik düşünme yeteneğiyle karmaşık problemleri çözerek verimliliği artıran çözümler üretmeyi hedefliyorum.

Education

MSc	Manisa Celal Bayar University , Computer Engineering	Expected Graduation: Jun 2026
	• Focus: Artificial Intelligence and Advanced Data Analytics.	
BS	Manisa Celal Bayar University , Computer Engineering	Sept 2016 – July 2021
	• Graduation Project 1: Mobile Application - Java, Android Studio, SQLite; included photo uploads, note-taking, and map navigation.	
	• Graduation Project 2: Technical Service Desktop and WEB Applications - C#, MSSQL, DevExpress, web service for product tracking.	

Experience

VESTEL , Software Specialist	Manisa, TR Oct 2024 – Present
- Collaborate with cross-functional stakeholders to clarify requirements, prioritize features and track progress for automation and AI projects. - Develop UiPath-based Robotic Process Automation (RPA) solutions to automate Excel, Outlook and web-based workflows, reducing manual effort and error risk. - Design and implement AI solutions tailored to the needs of different departments. - Design and maintain ETL processes, improving data extraction, transformation and loading to support accurate and efficient reporting. - Build interactive dashboards and automated reports to deliver actionable insights for decision-makers.	
Inci GS Yuasa , Software Specialist Assistant (Full-time)	Manisa, TR Oct 2022 – Oct 2024
- Built enterprise-scale business intelligence reports (MSSQL, T-SQL, SQL Server Agent, SAP-ABAP, Power BI), enabling data-driven decision-making across departments. - Automated key workflows using JavaScript, reducing manual processing time by 50%. - Conducted data analysis and system testing to support SAP ECC to SAP HANA migration, ensuring a smooth transition with minimal downtime. - Delivered Python training sessions to improve employees' technical skills and promote internal knowledge sharing. - Managed Bitbucket repositories and coordinated version control for mobile application development projects. - Optimized ETL workflows to improve data extraction, transformation, and loading	

speed, enhancing overall reporting efficiency.

SISKON Industrial Software Automation, Intern

Izmir, TR
Mar – Jun 2021

- Developed a Microsoft Teams ChatBot using Python to automate repetitive tasks, reducing time spent on manual work.
- Improved database efficiency through SQL stored procedure optimization.
- Gained hands-on experience with Docker and collaborative version control (Git).

Republic of Turkey Ministry of Environment And Urbanisation, Intern

Ankara, TR
Jul – Aug 2019

- Developed an online login system with Java and MSSQL.
- Explored Maven and MVC architectures in Java-based projects.

Projects

Travel Diary Mobile App

Java, Android Studio, SQLite; integrated photo and map-based note features.

Technical Service Management System

C#, MSSQL, DevExpress; automated service record tracking and reporting.

Technologies

Robotic Process Automation (RPA): UiPath (REFramework, modern design, Excel/Outlook and web automation, DataT-able & LINQ operations)

Programming Languages: Python, JavaScript, C#, ABAP, SQL, T-SQL

Frameworks & Tools: Django, React, .NET, DevExpress, Docker, SQL Server Agent

Version Control: GitHub, Bitbucket

Data Visualization: Power BI, SAP Analytics

Project Management: JIRA, Confluence, Agile/Scrum practices

Soft Skills

Analytical Thinking & Problem Solving

Team Collaboration

Communication

Time Management & Prioritization

Adaptability & Continuous Learning

Languages

Turkish: Native

English: B2 - Upper Intermediate
